Re: Sewer rates for Customers Outside City Limits

Dear Utility Customer:

On July 28, 2025, Princeton City Council approved updating wastewater service fees from a flat rate to a consumption-based rate for residents outside Princeton's incorporated limits. The decision to implement consumption based billing ensures equity in billing methods for all customers who receive wastewater services from the City of Princeton. The new rate method will take effect October 1, 2025. Billing will be continued by your current service provider, Culleoka Water Supply or Milligan Water Supply. Please see the fee table below.

Meter size:

Residential Outside
Base rate charge:

5/8" x 3/4" , 3x4	\$22.49
1"	\$26.99

Usage Charge
Per 1,000 Gallons:

0 – 3,000 gallons	\$8.20
3,001 – 6,000 gallons	\$10.06
6,001 – 9,000 gallons	\$11.92
9,000 – 10,000 gallons	\$13.78

*Residential wastewater is capped at 10,000 gallons per month

Please direct any questions or concerns to the City of Princeton Utility Billing Department at 945-445-2017 or dwilson@princetontx.us. Wastewater rates are also posted under the Utility Billing tab on the City of Princeton website at www.princetontx.gov.

Sincerely,

Utility Billing Team
City of Princeton
